

# What is CLIL ?

## hard CLIL:

a type of partial immersion when **almost half the curriculum or more** is taught in a non-native language.

## soft CLIL or language-led CLIL:

when topics from the curriculum are presented in **language course books** or when teachers do **cross-curricular work** during a language course.

## the 4Cs:

**content, communication, cognition and culture** (Coyle, 1999).

These are **interrelated components** of CLIL.

**Culture** is also linked to **citizenship** and **community**.
